

Procter & Gamble is one of the world's largest consumer goods companies. Our brands are used and trusted in millions of bathrooms and households around the world by over 5 billion people every day. They know they can trust P&G's brands to deliver superior performance for superior value.

At P&G we are committed to leadership, citizenship and innovation. For over 180 years we have been creating products that make a difference to peoples' lives in small but meaningful ways. Our aim is to transform the everyday, so it's always more than ordinary – by making daily tasks a little easier, the experience of using products more enjoyable and creating proven solutions that deliver every time.

We seek to create irresistible product solutions through our commitment to science - bringing together What's Needed and reimagining What's Possible through the application of science and the expertise of our scientists. P&G dedicates over \$1.9 Billion to scientific research annually, through our network of Global Innovation Centres (in the America's, Europe and Asia) and our partnerships with thought leading Universities, Research Institutes, scientists and medical researchers and practitioners.

P&G products can be found in a diverse range of categories familiar to all of us: Beauty and Grooming; Feminine and Baby Care; Fabric and Home Care; Family and Health Care; with trusted, quality, leadership brands, including: Olay®, SK-II®, Head & Shoulders®, Pantene®, Gillette®, Gillette Venus® and Braun®.
