We can arrange customs clearance for permanent and temporary import against shipping invoice. However, we strongly suggest use of Carnet ATA for temporary imported goods.

We strongly suggest you use our “Combined Invoice and Packing List”.

Please complete the invoice at least 7 days prior to dispatch so that we can check contents with our customs broker in Singapore and that all is good for importation into Singapore.

5. INSURANCE & LIABILITY

We operate exclusively in accordance with the latest version of the British International Freight Association General Terms and Conditions of Trading. These limit the legal liability for damage to goods in certain circumstances whilst in the care of a forwarder.

The forwarders custody liability ends with the delivery of the consignment to the exhibitor’s stand even if the exhibitor or his representative is not present.
