

25th WCD 2023
SINGAPORE
AMBASSADOR

Christophe Hsu

Practicing dermatologist trained in Geneva, Switzerland and Singapore. Currently in private practice (since 2010), he works as a consultant of Teledermatology and Artificial Intelligence at the University of Basel, as well as an editor to the JAAD and JEADV.

He currently heads the PASSION project, a Global Health collaborative integrating computer vision in dermatology into algorithm development for the recognition of the most common dermatoses (www.telederm.ai; funded by Foundation Botnar).
